Industry Analysis

In this section we have show that what is the potential of the industry we are getting into. Means the industry analysis and growth rate of the product/service relevant industry.

India holds an important place in the global education industry. **The country has more than 1.5 million schools with over 260 million students enrolled and about 751 universities and 35,539 colleges.** India has one of the largest higher education systems in the world. Around 35.7 million students were enrolled in higher education in India during 2016-17. However; there is still a lot of potential for further development in the education system.

- The education sector in India is poised to witness major growth in the years to come as India will have world's largest tertiary-age population and second largest graduate talent pipeline globally by the end of 2020.
- **The education market in India is currently valued at US\$ 100 billion and is expected to nearly double to US\$ 180 billion by 2020.**
- Currently, the **school segment is valued at US\$ 52 billion** and contributes 52 per cent to the education market in India, higher education contributes 15 per cent of the market size, text-book, e-learning and allied services contribute 28 per cent and vocational education in manufacturing and services contributes 5 per cent.
- Higher education system in India has undergone rapid expansion. Currently, India's higher education system is the **largest in the world enrolling over 70 million students** while in less than two decades, India has managed to create additional capacity for over 40 million students. It witnesses spending of over Rs 46,200 crore (US\$ 6.93 billion).

Revenue Generation

Which Part of your overall business plan actually going to generate revenue and How..?
Whether is from sale of product and service or rent or advertisement of any other possibility.

1. 'Ask verification' to Schools/Coaching/Institutes (Paid Listing) –

Ask

Ask verification will be valid for one year and we will charge certain amount for this service. Along with this we will make the web page of the institute more attractive and professional.

2. Online [redacted] services to institutes and students-

For example- A [redacted]

[redacted] charge i.e Rs 50 in this case. And hence the revenue will be generated. The amount will either charged to student or institutes, depending upon GST rules best fit for the start-up.

3. Advertisements on website/webpage and app.

4. In coming future various other services could be offered to generate revenue, once we [redacted] chargeable.
